Profile

Hello, my name is Jaka. I would describe myself as a kind and positive person. My virtues are that I am very organized, very punctual, precise, and always like to solve the problems I face. I am always ready to gain new experience and knowledge in new fields. Friends and co-workers would describe me as independent, self-initiated and team oriented.

Extracurricular activities

BNB Hackaton Dorahacks

Feb 2024 – Mar 2024

Dorahacks

We created an application WeaveSwap that offers Decentralized exchange and Lending protocol to its users. I was responsible for architecting and creating the smart contracts for our product. Throughout this project, I gained valuable insights into the dynamics of effective teamwork and the importance of leveraging individual strengths to achieve a unified and efficient workflow.
